The first book to validate the meaningful dreams and visions that bring comfort as death nears Christopher Kerr is a hospice doctor All of his patients die Yet he has cared for thousands of patients who in the face of death speak of love and grace Beyond the physical realities of dying are unseen processes that are remarkably life affirming These include dreams that are unlike any regular dream Described as more real than real these end of life experiences resurrect past relationships meaningful events and themes of love and forgiveness they restore life's meaning and mark the transition from distress to comfort and acceptance Drawing on interviews with over 1 400 patients and more than a decade of quantified data Dr Kerr reveals that pre death dreams and visions are extraordinary occurrences that humanize the dying process He shares how his patients stories point to death as not solely about the end of life but as the final chapter of humanity's transcendence Kerr's book also illuminates the benefits of these phenomena for the bereaved who find solace in seeing their loved ones pass with a sense of calm closure Beautifully written with astonishing real life characters and stories this book is at its heart a celebration of our power to reclaim the dying process as a deeply meaningful one *Death Is But a Dream* is an important contribution to our understanding of medicine's and humanity's greatest mystery

pimples and salmonella Harrington tracks down illegal haggis to imitate Pippa Middleton paces her apartment until the wee hours drinking ten Diet Cokes la Karl Lagerfeld and attempts something forbiddingly known as the Salt Water Flush to channel her inner Beyonc Rebecca Harrington risks kitchen fires and mysterious face rashes all in the name of diet journalism Taking cues from noted beauty icons like Posh Spice alkaline Sophia Loren pasta and Cameron Diaz savory oatmeal I ll Have What She s Having is completely surprising occasionally unappetising and always outrageously funny
